

Dear Sir or Madam

We are year 10 pupils at "college du pevele" in ORCHIES in the north of France. We have worked on the Hiroshima children's memorial for peace for the oral test of our diploma. We have been moved by Sadako Sasaki and by the devastating effects of the nuclear bomb, so we ~~are~~ have made paper cranes for peace and we enjoyed making them. The others people of the school have also taken part. We hope you'll like our cranes we have made with love!

愛をこめて
